**CALL WILL BY
DECEMBER 7
TO REGISTER
255-0983**

Sunrise County Economic Council

Your Community by the Numbers!

Using American Factfinder

 Applying for grants?

 Conducting marketing research for
your business?

 Planning for Economic Development?

This workshop focuses on using the American Factfinder data retrieval tool on the Census Bureau's website, www.census.gov. Learn how to access both decennial census data and data from the American Community Survey, which provides detailed social, economic and housing information annually rather than every 10 years. Data is currently available through 2010, and only a few mouse-clicks away.

Whether you want a general statistical overview of your community or a detailed look at areas within your community and how they compare statistically to other areas, communities, states or the entire nation, this is the workshop for you.
